A family of four is smiling for a photo outdoors. In the center is a woman with long, wavy brown hair, wearing a bright blue top. To her left is a young girl with brown hair and blue-rimmed glasses, wearing a dark blue scarf and a black coat. To the right is a man with a beard, wearing a black top hat, glasses, and a blue suit with a yellow tie. In the bottom right corner is a young boy with short blonde hair, wearing a blue suit. The background shows a city skyline under a cloudy sky, with a green railing in the foreground.

Our Apartment

Keys and doors of the residence

- There is only one key to open the door (level 7 door on your left)
- The other plastic blue pin is used to open all the doors of the residence here in red dots on the map.
- It is useful if you want to go buy a croissant (blue dot follow the green line)

Wifi, electricity and lights

The wifi network is KTJU (for Cathy and Julien 😊)

The password is my phone number in French format: 0612370510

Electricity is 220V everywhere in France you can use any outlet

The light of the parent room is a remote controller near the bed 😊

Windows and shutters

All the windows can be either:

- Closed (handle to the bottom)
- Wide open (handle horizontal)
- Half opened from the top (handle to the top)

The shutters can be closed to your convenience. All windows have shutters.

Kitchen and bathroom

Nothing really special here, you will find:

- Microwave, fridge, dish machine (tablets are under the sink) and Hoven
- Glasses and mugs are in the upper closet

In the bath room, you should keep the windows half-opened from the top, it will be better for the air circulation, but nothing mandatory

Our recommendations in Paris

Little of our own experience

Useful tips

We love to walk, usually we are buying subway tickets by 10 (17€ and shareable) just to come back

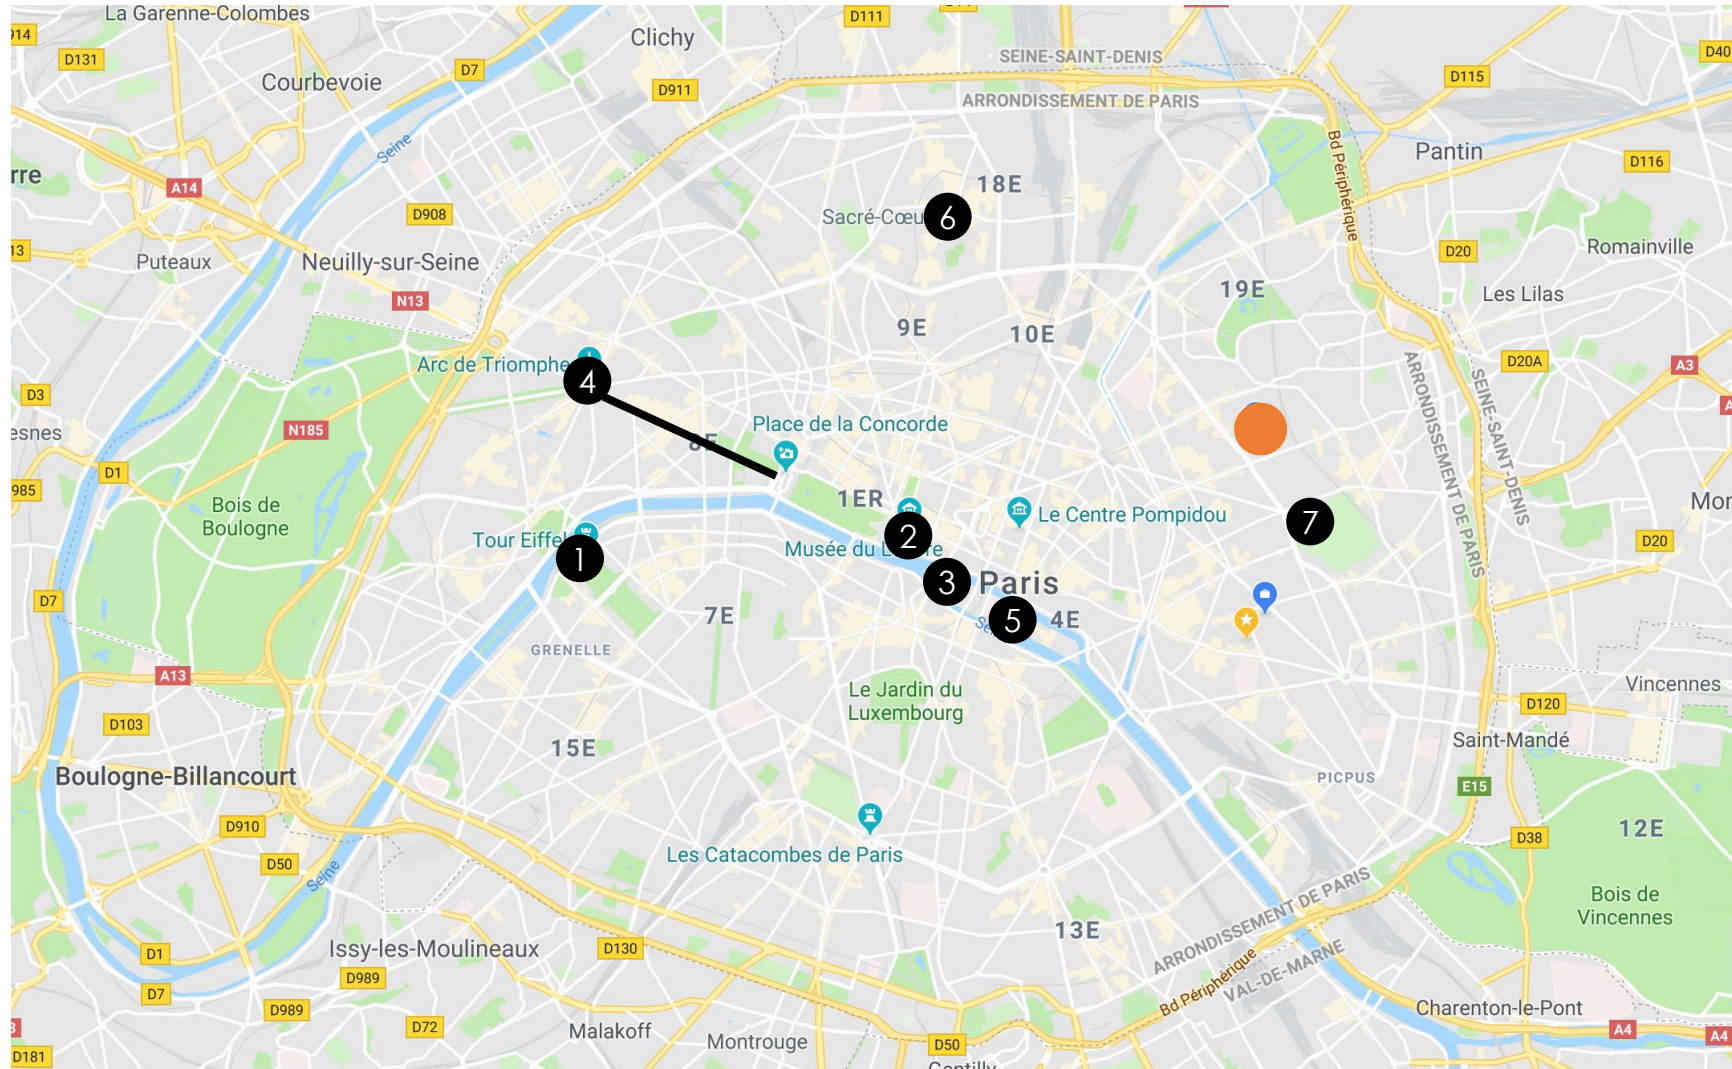

We use "City mapper" App (or website) to find the right direction and Subway itinerary or buses

You can rent bikes with apps and also skates

Be careful with pickpockets, lend your handbag always around your head and one arm, be careful with your phone. They are usually near famous places waiting for tourist ☹

Take also time to walk in the Jardin des Tuileries
