Our recommendations in Paris

Little of our own experience

Useful tips

We love to walk, usually we are buying subway tickets by 10 (17€ and sharable) just to come back

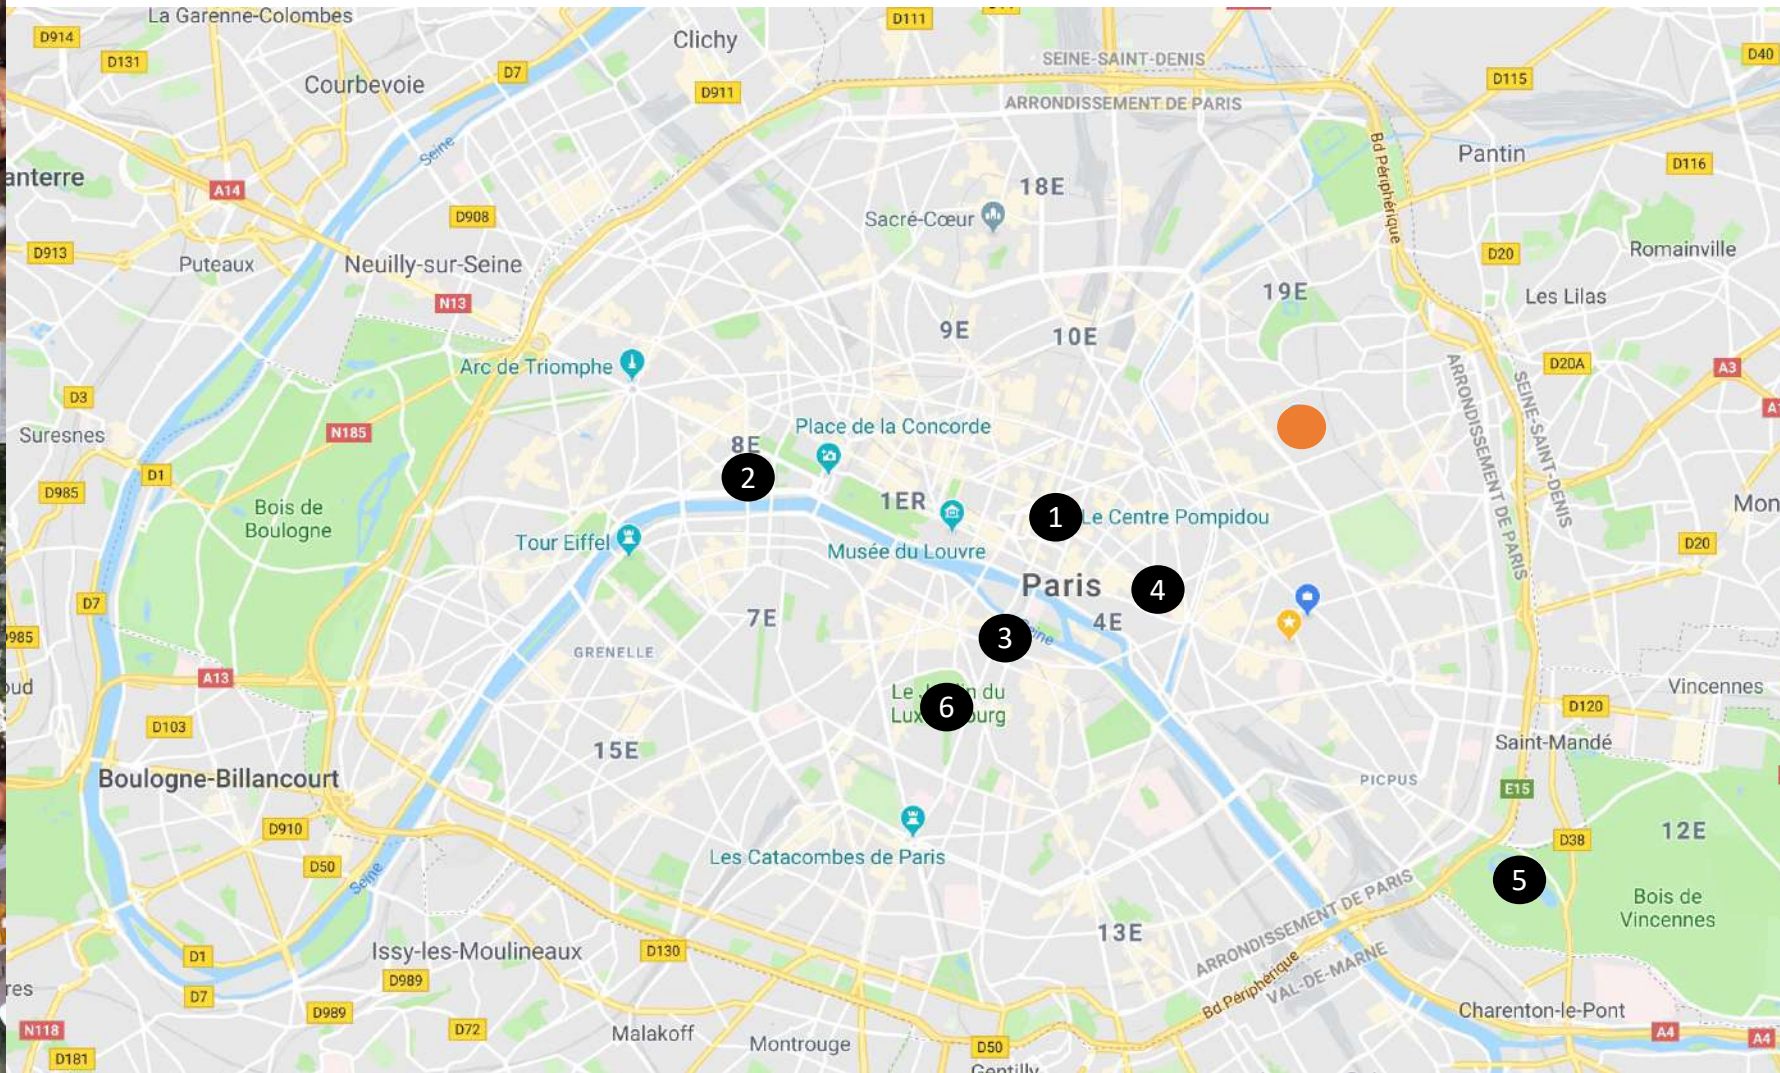

We use "Citymapper" App (or website) to find the right direction and Subway itinerary or buses

You can rent bikes with apps (main supplier is Velib) and also skates (Lime)

Be careful with pickpockets, lend your handbag always around your head and one arm, be careful with your phone. They are usually near famous places waiting for tourist 😞
